

A play group for babies under 3 and families

Every Friday
(during school term)

1pm-3pm Baby Movers
Neo-natal Community Support
group £1 charge

Children's early development is supported and encouraged through play using age appropriate toys in our large fully equipped nursery with large soft play area. We promote parent participation during the session, to play and share new experiences with their child.

Children are learners from birth and it is usually parents/carers who first give them the confidence and motivation to explore the world around us.

Baby Movers

Baby movers is a group for non mobile babies with complex needs or that were born prematurely. During the session baby's early development will be supported and encouraged through play, tummy time, song time and use of our sensory room.

9.45 am -11.45am Little Movers
Stay and Play group £2 Charge

The group provides support from an early years practitioner, community midwives, physiotherapists and other families.

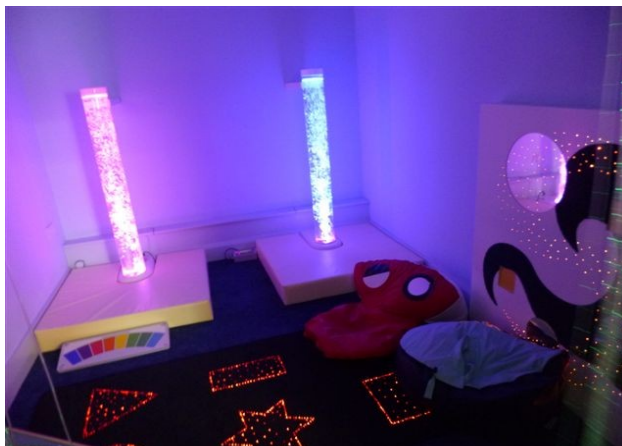

Once your baby becomes mobile they will be given the opportunity to move onto the Little Movers Stay and Play group.

Little Movers - Stay and Play

Little Movers stay and play is a group for toddlers with complex needs or who were born prematurely. Children's early development will be supported and encouraged through play using toys and a large soft play area.

We promote parent participation during the session, to play and share new experiences with their child. The group provides the opportunity to receive support from an early years practitioner, a physiotherapist and other families. We have activities such as messy play, tasting sessions, physical activities, music and sound and craft activities.

We have a fully equipped sensory room for you and your child to experience together. A sensory room offers a calming, safe environment in which babies and young children can explore their senses

Car park

We have a limited number of spaces for staff and visitors. If there are no spaces parking is available on the road.

Referral to the group is required
